TGIF's a BIG Success in 2009

Your TGIF committee would like to thank all the Yacht Club members who participated in our Friday night events. Everyone enjoyed all of the wonderful themes and the delicious food. We had some great entertainment and every event featured something special to remember.

We have put our Friday night TGIF's on

Semper Paratus —
Always Prepared

the back burner for the winter but look forward to next spring. If you have an idea for an event next year, contact Sandy Ayres at ayrs1225@aol.com or 260-437-2130 and select your date. Or...if you just want to assist on a committee, she will add your name to the list.

House Chairperson Report

Since late this summer, CLYC has undergone lots of repairs. The clubs electricity has seen the most changes: the bar was rewired, new lights were installed in the bar and porch areas, all lights were brought up to working order and corrections were made to numerous electrical problems. The well pipe has a new nautical covering, the stage has been completed and four new fire extinguishers have been purchased and in-

stalled. An extensive amount of reorganizing and cleaning has also happened through out the building and grounds.

When you all return in the Spring, you will be greeted by a new refreshed club interior. The walls will have been regrouped and reorganized and a new cleaning service will have the place sparkling. There will be a few minor painting duties to be completed at the Spring

clean-up party so please wear your paint clothes! I am looking for a new shelving unit for the front porch as the two small ones that we are currently using have seen better days. If any of you have a tall shelf unit that you would be willing to donate, please contact me @ don-bon1@verizon.net Have a great winter, we'll keep the home fires burning here at Clear Lake.
